

MetOcean Welcomes Nick Burchill!

Dartmouth, Nova Scotia (February 2, 2015) MetOcean Data Systems (“MetOcean”), a global leader in the design and manufacture of data acquisition and telemetry systems, is pleased to announce the appointment of Nick Burchill as VP of Sales & Marketing.

Nick brings over 20 years of proven sales and management experience, as well 14 years of experience with the Canadian Navy. Nick will lead MetOcean’s global sales initiatives and is responsible for the management of the sales team, including the marketing of MetOcean’s diverse product portfolio. Nick’s multifaceted background in ocean technology, coupled with his navy experience make him an invaluable addition to the MetOcean team.

Nick Burchill stated, “I love this industry and I am very fortunate to be leading such a great sales team.”

Tony Chedrawy, President & CEO, stated “Nick joins MetOcean as we begin our 30th year of operation, and I am confident he will play a key role in our future success as we continue to evolve and advance our product development initiatives.”

Since its incorporation in 1985, MetOcean has been a world leader in integrated systems used for real-time monitoring. The company specializes in MetOcean Systems, with the manufacturing of products for Oil Spill Tracking, Current Monitoring, Ocean Profiling, Polar Platforms, and Ice Tracking, products for Tracking & Monitoring, such as NOVATECH Recovery Beacons and Flashers and for Asset Management, as well as Defence & Security products, such as Naval Systems and Search and Rescue.
